PROFILE

I am MD. Sulaiman Hossain, a dedicated Computer Science & Engineering student, skilled in Python, database management system and web designing with passion in problem solving, technology and team collaboration with a strong ability to adapt and execute projects efficiently. I have experience in organizing events, securing sponsorships, and managing logistics through leadership roles in university clubs. Seeking opportunities to apply my technical expertise and organizational skills in a professional environment.

EXPERIENCE

BRAC University Computer Club   2020-2022
Senior Executive

- Led a team of students in organizing tech related events, workshops, and hackathons fostering a collaborative learning environment.
- Spearheaded projects and coding competitions, enhancing members' programming and problem solving skills.
- Established partnerships with industry professionals and companies, securing sponsorships and guest speakers for club events.

BRAC University Film Club   2020-2022
Executive

- Served as the official host for film screenings and celebrity panels, engaging audiences and ensuring smooth event flow.
- Secured sponsorships and funding by negotiating with brands, ensuring financial support for high-profile events.

BRAC University Adventure Club   2020-2022
Executive

- Organized and coordinated post-semester adventure trips, handling transportation, accommodation and itinerary planning for a seamless experience.
- Managed trip budgets, negotiated discounts, and secured sponsorships to ensure cost effective yet high quality travel experiences.
